## The Evolution of Office spaces

In a world of ever-changing perspectives, it is imperative to step out of traditionalism and embrace adaptation. Gone are the days of monotony and of spending ten or more hours a day in identical, one-dimensional cubicles. Now, we have evolved to welcome an age of vibrant and innovative thinking.

Constantly evolving our philosophy and perspective, we aim to cater to every need of our customers providing holistic, modern and innovative solutions for diverse furniture requirements.

ABOUT AMARDEEP

## Our journey began in 1992

Established in 1992 with the commitment to create seating solutions that magically transform your spaces, Amardeep's has become a renowned name in the business, today.

Presently, the Group showcases multiple manufacturing units across India, pillared with high-quality engineering, precision designing and adept marketing across a gamut of verticals.

Customer-oriented service, timely deliveries and innovative designs have resulted in Amardeep's carving a niche for itself in industries like lifestyle, hospitality business, financial and educational institutions, to name a few.

## VISION

"To provide novel, dynamic and exceptional end-to-end furniture solution services, ensuring premium quality products and optimal customer satisfaction."

## MISSION

- To obtain maximum customer satisfaction by providing high-quality products.
- To pursue excellence in creativity, designing and quality, utilizing the latest technologies and techniques.
- To work together towards the realization of the vision of our customers.

## CORE VALUES

### Quality

We aim to supply excellent quality through the utilization of sophisticated machinery and processes.

### Comfort

Our goal is to provide optimum comfort to maximize customer satisfaction.

### Innovation

We strive to bring constant innovation in order to adapt to the modern furniture industry.

### Time

We value the essence of time and ensure timely delivery all over India.

### Workplace

To create a healthy work environment, which provides an opportunity for growth and positively impacts performance.

### Stakeholders

Mutual benefit and holistic development of our stakeholders is of utmost importance.

## Quality and Design

Being a ISO 9001:2008 , ISO 14000 , Bifma Certified company, quality remains as the top most agenda in our curriculum.

We adhere to strict guidelines laid out in the TQM system thereby reducing wastes & the inventory pile up. As the entire process has various filtration stages right from the procurement of the material to assembling the final product, it ensures that the final product is near flaw- less.

Hence, the only furniture, which offers the promise of rendering the best services to the clients, is finally dispatched. This ensures that our finalized range of furniture garners astounding client satisfaction.

## Going the greenway

Amardeep's constantly endeavors to adhere to its green quotient at all levels while living-up to its customer requirements of strength, durability, style & cost-efficiency.

Greenbelt is maintained around our factory.

ETP Plant setup to minimize water pollution.

Installment of Solar Panels to harness renewable energy.

Power cut-offs during production down time.

Engages in Business with environmentally aware clients.

Ensure minimal wastage by focusing on Design.
